Certification

- TOPS Technologies** [01/02/2024 To 31/08/2024]
During my internship, I gained hands-on experience in HTML, which I used to structure web content, and CSS to style and design web pages. I utilized Bootstrap for building responsive design. JavaScript and React were key tools for developing dynamic, interactive user interfaces, particularly for single-page applications. On the backend, I used Core PHP for server-side logic and MySQL for database management.
