About Me

I'm passionate about designing intuitive interfaces that solve real problems and provide engaging user experiences. I'm highly proficient in Figma and have worked on cross-functional teams to deliver design solutions for web and mobile platforms. My goal is to continue growing my skills while contributing to projects that make a positive impact.

Experience

Binary Infura : November 2023 - Current

UI/UX Designer

Created Design, prototypes, and interactive mockups using tools such as Figma.

Designed user-friendly interfaces and enhanced user experience across web and mobile platforms, contributing to an increase in user engagement and satisfaction.

Collaborated with cross-functional teams, including developers and designers
